

THE FORMATION SIGN

JOURNAL OF THE MILITARY HERALDRY SOCIETY

Military Heraldry

A Society member was recently given a large collection of paper transfers with peel-off sticky backing, printed at The Army Sign Centre, HQ Engineer Resources, Long Marston in Warwickshire, a Royal Engineer depot which closed in 1999. Other examples have appeared on EBay. Does anyone know what they would have been applied to? More next time.

THE MILITARY HERALDRY SOCIETY WAS FORMED IN 1951 BY MAJOR JOHN WARING TO FOSTER AND ENCOURAGE THE STUDY AND COLLECTING OF CLOTH FORMATION SIGNS
